

Quality Policy Statement

Milne Management provides Security Solutions to a wide portfolio of clients from various sectors in an engaging and diligent manner, ensuring client's assets and the public are safe and secure. The organisation has developed its expertise within the field of Manned Guarding Security, Mobile Patrols, Key Holding and Smart Security Solutions (CCTV, access control etc) since it has been established in 2001 and its aim is to achieve exceptional standard of service to its clients and be their number 1 choice partner for provision of Security Solutions.

The Company operates in line with the industry standards – BS7858:2019, BS7499, BS 7984 and has achieved the SIA Approved Contractor status.

It is the policy of Milne Management to provide customers with services to the agreed requirements in accordance with Service Level Agreements and continuously evaluate and offer suitable Security Solutions to ensure safety and security of all client's assets and personnel.

The Company Director, Managers and employees are responsible for Quality Control through the implementation of the Quality Management System, seeking continuous improvement by constant monitoring and reviewing of all processes, procedures and performances.

Milne Management is committed to achieving customers satisfaction by the use of quality procedures, which will be operated to meet or exceed the requirements of ISO 9001 aligned with clients' needs.
